

PLANNING YOUR WEDDING AT *Juniper Preserve*

To make your wedding day as seamless as possible, we require you to have a wedding planner supplying full to partial services.

Below is the list of our preferred planners and vendors. You may use a planner or vendor that is not on the list, but they must be licensed and insured.

WEDDING PLANNER REQUIREMENTS

We want to ensure a smooth wedding day for you and your outside wedding planner! To help facilitate this, please see the Wedding Planner expectations below.

For weddings at Juniper Preserve, your personal wedding planner at minimum will need to handle the following tasks; please note they are not limited to the following items and additional tasks may be asked if extravagant planning has occurred.

- On-site coordination and management of the entire wedding day until the event concludes
- Creation of 'day of' timeline and time line management.
- Grand entrance, dinner, first dance, toasts/speeches, cake cutting.
- Confirm floor plan, layout, décor placement, and any additional rentals prior to wedding day.
- Instruction on seating plans and special arrangements for ushers.
- Coordinate rehearsal at rehearsal location.
- Organization of processional line-up and cues.
- Preparation of the bride for her walk down the aisle.
- Assisting the wedding party and family with photos.
- Inform Juniper Preserve staff of mobility needs.
- Assemble and ensure proper placement of all DIY crafts, centerpieces, signage, guest book and favors.
- Coordinate with all vendors (officiant, musicians, etc) on set up and timing.
- Set up the dessert table and any décor on the table.
- Light centerpieces/candles.
- Pick up flower petals/other items left at the ceremony space.
- Handle collection and packing of any gifts and personal items such as toasting glasses, cake topper, cake knife and server, leftover desserts etc. at the end of the evening to a safe location.
- Ensure borrowed Juniper Preserve items and rental items are returned including cake platters, vases, signage, chairs etc.
- Will ensure Juniper Preserve is aware of all vendor arrivals for pick up of rented equipment and coordinate times with the Event Manager.

If these guidelines are not met, or if they become the responsibility of Juniper Preserve, additional fees may be incurred.
